TEMPO

TEMPO® FOR HIGHER EDUCATION
Transforming Course and Instructor Evaluations into Actionable Insights

Why TEMPO?

Universities need more than a survey tool—they need a **trusted evaluation partner** that translates student feedback into meaningful improvements. TEMPO (Training Evaluation and Measurement for Performance Optimization) is a purpose-built course evaluation and reporting system designed to **meet the unique needs of colleges and universities**.

Originally developed for professional and technical development federal agencies with rigorous evaluation requirements, TEMPO is now available for universities and colleges to:

- ✓ Streamline course and instructor evaluations
- ✓ Drive continuous improvement
- ✓ Inform institutional research and decision-making
- ✓ Provide faculty and administrators with real-time, actionable insights

Key Features for Universities

⚙ Seamless Integration

- Connects with Learning Management Systems (e.g., Canvas) and Student Information Systems (e.g., Workday).
- Standards-based API ensures smooth, secure data exchange.
- Supports Single Sign-On (SSO) for a simplified user experience.

👥 Flexible Surveying

- Intuitive survey creation with reusable templates.
- Supports both standardized and custom evaluations.
- Automated, semi-automated, or manual deployment options.
- Mobile-friendly surveys to maximize response rates.
- Options for online and paper-based collection.

🛡 Security & Compliance

- Hosted in secure AWS GovCloud environment.
